## Terms and Conditions – also known as The Small Print

The price of photo shoots with good photographers (like we have), excluding horse riding, anywhere else starts at almost double our prices. In order to keep these amazing prices we have certain terms and conditions that are in place. Should you not agree with these, or should you wish to query these, please contact us and *maybe* we can find a compromise.

### Included and Excluded in your package

- These packages do NOT include any prints. Should you wish to get prints, this will be at additional cost and should be arranged beforehand.
- Select photos taken on these photo shoots will be posted online on our social media pages, on the photographer's social media pages, and sometimes used for advertising purposes (relax, we won't use any embarrassing ones), this is part of what helps to keep the costs down for you. Should you not wish to have any of your photos posted online, this will make the cost of your photo shoot escalate. We will select the photos we choose to use online.
- The photographer's contact details will not be shared with clients and the client's contact details will not be shared with the photographers unless special permission is given. We will not be held liable if you find each other on social media.
- The photos will **not** be available in less than 21 days/3 weeks. Rushing the process actually makes it take longer, please do not rush the photographer as rush jobs create mistakes and in the end no one is happy.

### Collection/Delivery.

- Once your disc of photos is ready to collect, we will contact you (via sms, email or whatsapp) to come fetch your disc.
- Should we be near your area anyway and we have the disc with us, special arrangements may be made to drop off the disc with you. However we cannot guarantee this option being available.
- Should you be unable to collect the disc due to not being in Durban or having transport issues, we would be happy to have it couriered to your door (in any major South African city) for an additional R150.
- Should you be out of South Africa, or prefer to have your photos sent to you digitally via dropbox, this may be arranged. **NOTE:** You may *either* have them on disc *or* via dropbox, not both.
- Should you not make arrangements to collect or have your photos sent to you within 1 month of being notified they are ready, we will send you 1 reminder. If you have not made arrangements to collect or have them sent to you within 2 months of the reminder, your disc will be destroyed, the dropbox folder will be deleted, and you will no longer be entitled to your photos through us or the photographer. If you have not collected your photos or made arrangements within this time, no refunds will be considered.
